Tom Flood, Principal

Dear Friends,

For more than 136 years, St. Michael School has been providing both education and inspiration to the youth of Penn Yan and the surrounding areas. Focusing on academic excellence, spiritual growth, and individual responsibility, our school is not just a historic landmark, but a community treasure as well. Tradition is our foundation and today many of our students are second, third and even fifth generation St. Michael attendees.

St. Michael School is a Catholic School welcoming children of all faiths, and offering families the chance to begin their child's education in a safe, supportive, and family-oriented setting. The Middle States Association of Colleges and Schools on Elementary and Secondary Schools referred to St. Michael School as a Gem within the Finger Lakes.

We thank you for exploring your school options for your child(ren).

Sincerely yours,

Tom Flood
